Insight School of Wisconsin released its schedule of information sessions for the Wisconsin Open Enrollment Period beginning February 5th through February 23rd. The Insight team will be holding [sessions](#) in 29 different locations throughout Wisconsin during the Open Enrollment Period to speak with Wisconsin families about the school.

Insight School of Wisconsin is a full-time, diploma granting, online public high school tuition free for Wisconsin residents. Insight is educating a broad group of high-school-age youth, who, for a variety of reasons, need an alternative to the traditional high school experience.

In announcing the schedule and location of information sessions, Keith Oelrich, founder and CEO of Insight Schools, said, “We look forward to speaking with Wisconsin families around why Insight School of Wisconsin offers the best in high school online learning.”

During information sessions which are open to the public and free, Wisconsin teens and parents can ask detailed questions around the school’s approach, its curriculum, how it works, and how it’s different from other options.

Students who are interested in enrolling in the Insight School of Wisconsin can do so during the Wisconsin Open Enrollment period which begins February 5th and ends February 23rd. Interested students should follow this [link](#) or call 1-866-800-0027.
